Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1883 edition. Excerpt: . mater over left frontal lobe, and brain here contused. No basilar meningitis to naked eye. Microscopically.--Optic nerves apparently normal. Case 5.--Henry C--, aBt. 23, kicked by a horse. On admission partially conscious, bleeding from left ear. Behind left ear was a compound comminuted depressed fracture of skull, with laceration of dura mater and brain. Elevation performed; died three days after injury. No ophthalmoscopic examination. Post mortem.--Fracture extended from parietal, across temporal fossa, to middle of sphenoid bone. No basilar meningitis to naked eye. Microscopically.--Optic nerves apparently normal. Case 6.--Walter P--, aet. 1 . Eight days before admission one prong of a toasting-fork was stuck three quarters of an inch into his head. No symptoms ensued for four days, except discharge of a watery fluid from the wound; he was then brought to hospital. On admission there was a fine hole into the skull...

Reviews

Extremely helpful for all class of people. We have read through and that i am confident that i am going to going to read through again again down the road. Its been designed in an exceedingly basic way in fact it is simply following i finished reading this pdf in which in fact altered me, alter the way i think.

-- **Noel Stanton**

Absolutely one of the best pdf We have ever read. I really could comprehended every little thing using this written e book. I am easily could get a satisfaction of reading a written publication.
