Jaico Publishing House, Delhi, India. Softcover. Book Condition: New. The news keeps getting worse: the economy, climate change, global conflict. Not a day goes by that we're not faced with another grim prediction; another indication that the way we live our lives is undergoing a fundamental change. And while change can indeed be good, it can also be stressful and worrisome. In *Staying Afloat When the Water Gets Rough*, Dr. Posen asks, What can be done to increase our comfort with the daily changes in our outside environment? With compassion, understanding and humour, he explains the ingredients for change-hardiness illustrating his message with stories from his own experience as well as from that of his patients and friends. Printed Pages: 232.
