GRIN Verlag. Paperback. Book Condition: New. Paperback. 60 pages. Dimensions: 8.1in. x 5.6in. x 0.3in. Bachelor Thesis from the year 2006 in the subject Law - Civil Private Trade Anti Trust Law Business Law, grade: A-, New York University School of Law, course: US corporate and commercial law, 0 entries in the bibliography, language: English, abstract: American company law traditionally offered a group of businessmen in quest of profit only two choices of business associations: a corporation or a partnership. Both forms have their advantages and disadvantages that depend upon various factors: the size of the envisaged business, its riskiness, capital requirements, need for a separation of ownership and management, liability, desired life of the venture, and transferability of share interests. The partnership has generally been used for smaller enterprises associated with less risk and capital requirements. The corporate form gives businessmen the opportunity to conduct risky business affairs with respect to potential tort liability as well as default risk without being exposed to unlimited personal liability because only the assets of the corporation can be used to satisfy claims. The benefit of limited liability came at the price of disadvantageous double taxation because, unlike a partnership, a corporation has been viewed as an independent entity and its income has consequently been taxed on the corporations as well as the shareholders level. This has driven smart entrepreneurs to conduct their business affairs in form of a hybrid entity, a combination of a partnership and a corporation, the limited partnership with a corporate general partner. In that form a corporation is the (sole) general partner of a limited partnership which results in limited liability for the owners and managers of this hybrid entity and the advantage of the preferential tax treatment of a partnership. Thus, this entity allows combining the benefits of...
