Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

Read before the Tri State Medical Association of Mississippi, Arkansas and Tennessee, November 7, 1887, BY W. li. ROGERS, M. D. , Professor of Surgery, Memphis Hospital Medical College. Mr. President And Gentlemen--In presenting a few cases for your consideration, I have selected only such as are beyond the pale of every day surgical practice. In order not to trespass upon your valued time, I shall endeavor to avoid the mention of irrelative points. I have selected only such cases from my note book as date since the organization of this Association. Case I. Lithotomy. A child of L. N. Wade of Ozark, a western county of Arkansas, was brought to me by Dr. P. S. Johnson on the 15th of October, 1887. The patients age was four years, and for two years had presented prominently the usual symptoms of vesical calculus. He had been sounded on four different occasions by four surgeons of his native State. There was the usual disagreement of doctors --Vol. VII--34 529 two found calculus, two dissented. Although the little fellows suffering seemed intense and unbearable at each of his frequent acts of micturition, he bore no marks of health impairment; he was rosy and fat. With a bullet probe for a sound I detected a...
